A special thank you is extended to consultant Helen Haro who supported this work in partnership with ChildFund Papua New Guinea and to the 1-Tok Kaunselin Helpim Lain Counsellors who travelled to a range of provinces to carry out awareness with services across the referral network and collect new contact details. Thank you to all of the service providers across the network who work with the 1-Tok Kaunselin Helpim Lain to support survivors of gender based violence across Papua New Guinea.

The 1-Tok Kaunselin Helpim Lain is a partnership between ChildFund Papua New Guinea, FSVAC (CIMC) and FHI 360, supported by the New Zealand Aid Programme, USAID, ChildFund New Zealand and ChildFund Australia.

### **ChildFund Papua New Guinea**

ChildFund Papua New Guinea works in partnership with children and their communities to create lasting and meaningful change by supporting long-term community development and promoting child rights.

## Introduction to the 1-Tok Kaunselin Helpim Lain – 7150 8000

ChildFund Papua New Guinea in partnership with Family and Sexual Violence Action Committee (FSVAC) is jointly implementing a project: *Strengthening Services for Survivors of Gender-Based Violence in Papua New Guinea*. A key objective of the project is to design and establish PNG's first telephone counselling hotline service.

The 1-Tok Kaunselin Helpim Lain – 7150 8000 – was launched on the 20th of August 2015 and delivers a comprehensive counselling and referral service for survivors of gender based violence (commonly referred to as family and sexual violence in PNG)

through a national toll-free hotline. The 1-Tok Kaunselin Helpim Lain provides survivors and others affected by gender-based violence with an immediate and comprehensive support package which includes access to information, referral to nearby service providers, and confidential counselling at the time of the call. The 1-Tok Kaunselin Helpim Lain is staffed by professional counsellors available 12 hours a day, seven days a week and is available in three National languages; English, Tok Pisin, and Hiri Motu.

## 1-Tok Kaunselin Helpim Lain – 7150 8000 – Service Provider Directory

Survivors of gender based violence (GBV) need access to a range of services, from police protection and emergency safe housing to medical and psychosocial care and legal support. Coordination across multiple sectors and organisations is essential for the effective provision of these services. Telephone counsellors at the 1-Tok Kaunselin Helpim Lain refer callers to a range of services depending on their needs and location, in an effort to help them access comprehensive support.

Therefore, an important part of the project has been to map and document existing services across Papua New Guinea. In 2015, a desk and field-based mapping exercise was carried out which identified over 150 government and non-government support services for survivors of GBV. Given the rapidly changing service landscape in PNG, there is a need to be constantly validating and updating the service provider details. The information presented in this directory was last updated in June 2017. As part of the update, the following activities were carried out:

- Validation and update of service details in the existing directory, last updated in 2015;
- Cross-check against other existing databases (Meri Toksave, PNG Women's Directory, and various IEC materials from service providers);
- Face-to-face meetings with a range of services and coordinating mechanisms in NCD, including FSVAC, Oxfam International, National Family and Sexual Violence Unit (FSVU) Office, Population Services International and National/Provincial Council of Women to identify new services;
- Face-to-face meetings with services in Eastern Highlands, Western Highlands, Morobe, Chimbu and East Sepik.

The directory now includes over 260 government and non-government services directly and indirectly providing support services for survivors of GBV. The directory is used on a daily basis by the 1-Tok Kaunselin Helpim Lain telephone counsellors to give information to survivors or other people and organisations supporting survivors across the country.

### Updated or new service details?

This Service Provider Directory was last updated in June 2017. In PNG services and contact details change frequently. If you have information about a new service or changed service details, please contact us so that we can update our directory and help people access your service.
